

JEREMY DECOOL

Staff Engineer

@ contact@jdecool.fr ↗ https://jdecool.fr 📍 Lyon, France

EXPERIENCE

Lead Developer

Activinnov 📅 Since Jun 2026 📍 Lyon, France
Managing a team of 4 people.

Defining the team's technical direction, ensuring alignment between technical vision, product goals, software quality, and delivery objectives.

Architect

Activinnov 📅 Since Apr 2022 📍 Lyon, France
Supporting project teams in resolving technical challenges to ensure a consistent long-term vision and platform standardization.

Developing cross-cutting modules and tools to improve development team workflow and productivity.

Structuring development processes, management, organization, and communication within technical teams, as well as their skill development.

Senior Backend Developer

Bedrock Streaming 📅 Nov 2020 - Apr 2022 📍 Lyon, France
Developed web services to expose data from Bedrock streaming platform catalog (formerly M6 Web).

Worked in a strong DevOps culture environment on high-traffic applications processing large data volumes.

Senior Backend Developer (DevOps)

Opéra Energie 📅 Jun 2018 - Nov 2020 📍 Lyon, France
Developed PHP/Symfony applications in the energy brokerage sector for electricity and gas offer comparisons.

Migrated a microservices platform to a modular monolith architecture.

Backend R&D Developer

Wizaplace 📅 Jan 2018 - May 2018 📍 Lyon, France

Software Engineer

Novaway 📅 Apr 2014 - Jan 2018 📍 Lyon, France

Software Engineer

PMSIPilot 📅 Mar 2013 - Apr 2014 📍 Lyon, France

Software Engineer / R&D Manager

Nelis 📅 Dec 2009 - Mar 2013 📍 Montpellier, France

Software Design Engineer

SQLI 📅 Jun 2008 - Dec 2009 📍 Montpellier, France

ABOUT ME

With over 17 years of experience in software development and architecture, I now help technical teams define and maintain their technical direction while continuing to contribute to development.
